

Terms and Conditions – students starting in 2017/18

Each student will be asked to review their terms and conditions during Online Registration, and sent a copy of their Terms and Conditions on completion of registration (found at www.surrey.ac.uk/selfservice). It is important you review your Terms and Conditions carefully, and [contact Student Records](#) if you require any further advice or guidance.

These terms tell you who we are, how we will provide services to you, how you and we may change or end the contract, what to do if there is a problem and other important information.

By completing the online registration process, you confirm you agree with the following:

Duration of Programme

You are registering on the programme as detailed in Online Registration for the 2017/8 academic year. Your registration date and expected end date for your programme will be detailed in your personal Terms and Conditions.

It is expected that the teaching for most students shall primarily be conducted at the University of Surrey, Guildford, not including any placement or study abroad activity. Students on certain programmes, for example Nursing and Veterinary Medicine and Science, will have a higher proportion of time away from the University of Surrey. Please refer to your personal Terms and Conditions for further information.

Information on your modules can be found on the Modules sections of [Surrey Self Service](#), or by accessing the [Module Catalogue](#).

On rare occasions such as where an accrediting body requires the course content to be added to or changed, the University may need to provide different or revised core modules to those stated. The University shall however ensure that you are given notice of any such changes.

You may also be required to choose optional modules as part of your programme. The University will try where possible to provide these; however, there may be occasions where this is not possible due to low numbers of students who wish to take a module, changes in teaching staff, changes in accreditation of the programme, or academic or technological advances/developments. The University shall ensure that you are given notice of any such changes and will provide you with information regarding alternative options.

Fees

For the current academic year, your fees will be detailed in your personal Terms and Conditions – please refer back to your email for further information.

Students are liable to pay fees in respect of the whole academic session from the commencement of the programme, and are liable to pay revised fees annually for the duration of the programme. Increases in fees are detailed in your Personal Terms and Conditions.

You will pay the fees for the current academic year (excluding any payments already made). If you are sponsored, you will provide us with valid sponsorship information that covers the period of your study.

Students in receipt of an Undergraduate Tuition Fee Loan will have their fees paid by the Student Loans Company in line with their schedule.

Students in receipt of a Postgraduate Loan from Student Finance England, please note this loan is not deemed as sponsorship and you remain liable for payment of your tuition fee invoice as detailed below.

Students in receipt of a Postgraduate Loan from Student Finance Northern Ireland will have their fees paid by SFNI in line with their schedule.

International students, or UK/EU students who have not taken out a tuition fee loan, are required to pay their fees either in full at the beginning of the academic session or in two instalments as follows: 50% payable 10 days after the invoice date (expected to be early October of each academic year), and 50% in January. The exact date(s) will be detailed on invoices. Students on certain part-time programmes, where fees are paid on a modular or stage basis, are not eligible to pay their fees by instalment.

Any non or late payment of fees will be dealt with in accordance with our [Student Fee and Debt Management Policy](#).

We support students from the EU, and are committed to our diverse University community. However, as a result of the UK's intended departure from the EU, immigration and/or fees rules may change following Registration on your programme and we are bound to comply with applicable legislation. We are not therefore liable for changes to the law which affect ability to continue study, however we endeavour to notify any students as soon as reasonably possible upon becoming aware of legislative changes likely to affect immigration and fee rules.

Additional Costs

Throughout the duration of your studies it is likely that you will incur additional costs related to your degree. For example, some of our programmes (particularly those with a practical element) may require you to pay for clothing, materials, field courses, special equipment or bench fees. Specific additional costs relating to your

degree can be found on the course webpages – visit our [Additional Costs](#) website for more information.

UKVI Tier 4 visa sponsorship

If you hold a Tier 4 (general) student visa, you understand that this means that the University of Surrey is your Tier 4 sponsor. As your sponsor, the Home Office has certain requirements of us - you agree that you understand these requirements and your responsibilities as a student. Please visit [our website](#) for further information on this.

Right to cancel

You have the right to withdraw from the programme and the contract within 14 day without giving any reason.

The cancellation period will expire after 14 days from the date of acceptance of the terms and conditions (*when you complete online registration*).

To exercise the right to cancel, you must inform us of your decision to cancel this contract by a clear statement (e.g. a letter sent by post, or e-mail to studentrecords@surrey.ac.uk or your faculty). You may use the model cancellation form (found at the end of this contract), but it is not obligatory.

To meet the cancellation deadline, it is sufficient for you to send your communication concerning your exercise of the right to cancel before the cancellation period has expired.

Effects of cancellation

If you cancel your contract within the cancellation period, we will reimburse to you all payments received from you with the exception of any deposit(s) that you may have paid prior to your on-line registration (e.g. where you were required to pay a deposit to hold your place on the course).

We will make the reimbursement without undue delay, and not later than 14 days after the day on which we are informed about your decision to cancel this contract and withdraw from the programme.

We will make the reimbursement using the same means of payment as you used for the initial transaction, unless you have expressly agreed otherwise; in any event, you will not incur any fees as a result of the reimbursement.

If you requested to begin the performance of services during the cancellation period, you shall pay us an amount which is in proportion to what has been performed until you have communicated us your cancellation from this contract, in comparison with the full coverage of the contract.

Your records

In order to keep your record up to date throughout the year or to check your

information, you can log in at any time to Surrey Self-Service at www.surrey.ac.uk/selfservice.

Withdrawal from or change of Programme

If at any point you wish to change programmes, or withdraw permanently or temporarily, please ensure you speak with your faculty who will be able to guide you. Alternatively, please visit the Online Knowledgebase on the [Student Services website](#).

Changes to course

The University undertakes a continuous review of its programmes, services and facilities to ensure quality enhancement. The University is also largely funded through public and charitable means and is required to manage these funds in an efficient and cost-effective way for the benefit of the whole of the University community.

The University, therefore, reserves the right if it considers it to be necessary:

- to make reasonable variations to the content and syllabus of programmes of study (including in relation to placements);
- to suspend or discontinue programmes of study or to combine or merge them with others;
- to make changes to its statutes, ordinances, regulations, policies and procedures which the University reasonably considers necessary. Such changes if significant will normally come into force at the beginning of the following academic year and depending on the nature of the change will normally be applied to all students regardless of the date of their enrolment;
- to make reasonable alterations to the timetable, location, number of classes, content or method of delivery of programmes of study and/or examination processes.

Notification to students affected by any such changes will be made as soon as reasonably possible in advance.

Your Rights and Obligations

You undertake as a member of the University to comply with the [Charter, Statutes, Ordinances, Regulations](#) and [Policies](#) of the University. You understand that if you were to breach these then you may be subject to disciplinary action by the University; the outcome of which may include temporary or permanent exclusion from the University and your being temporarily or permanently withdrawn from your programme of study.

Non-progression

You will not progress to the next year of study or receive your academic award in the following non-exhaustive circumstances:-

- i. Failure to register either at the start of your programme of study or in subsequent years.

- ii. Exclusion/expulsion from the University for a serious breach of its Charter, Statutes, Ordinances, Regulations or Policies (including temporary exclusion).
- iii. Failure to meet the academic standard required of you including but not limited to failure to achieve the required pass mark in examinations or practical assessments.
- iv. Non-payment of tuition fees or other academic debts.

Data Privacy

By completing registration, you agree that you have read and agreed to how data is handled as established in the University's [Privacy statement](#) and in line with the relevant UK legislation. Information will be shared with the Students' Union for the purposes of membership unless you contact them should you not wish to be a member of the Students' Union. On graduation, some data will be shared with our [Alumni office](#) who may contact you once you have left the University, unless you contact them to withdraw your consent. If you are a sponsored student, the University may share some personal information with sponsors and funding bodies in order to comply with our legal obligations.

Intellectual Property

The University has a [Protocol on Student IP](#) which summarises the University's Intellectual Property Code applicable to students. Full details of the University's IP code can be found on the [University's website](#).

Inventions by undergraduate students will usually be owned by the student. Only in certain cases will the University require an undergraduate to assign all their rights in an invention e.g. if it is in a key area of the University's research, or an invention jointly generated with a member of staff or postgraduate student. IP in inventions generated by undergraduate students during a placement may be required to be assigned to a Sponsor of the provider of the placement opportunity. Arrangements for IP ownership will be stated in the agreement between the University and Sponsor.

It is a condition of registration that postgraduate students (MSc/MPhil/PhD etc.) are required to agree to assign all rights in inventions generated from their research to the University. This includes copyright in software and source code. At the request and cost of the University the student(s) will do everything necessary to enable the University to create, complete, assert and defend its Intellectual Property rights in such inventions (including without limitation in the application for and prosecution and maintenance of appropriate protection, such as patent applications, for such inventions). This situation is likely to occur if the postgraduate student is working closely with a member of staff on a University key research area. If the research is funded by an external source an agreement will be in place covering IP ownership arrangements with the University which could result in the IP being owned by the external source.

Any student inventor who assigns intellectual property in their invention to the University can expect to benefit from a share of revenues in the event that the invention is successfully exploited by the University of the invention as set out in the [University's IP Code](#).

Registration

At the beginning of each academic year (including year 1), you must confirm your place on the Programme by completing registration online.

Online registration requires you to confirm your acceptance of:-

- i. The prevailing version of the University's privacy notice and to consent to any specific data sharing with third parties;
- ii. The prevailing version of the University's Intellectual Property Code;
- iii. Your membership/opt out of the University of Surrey's Student Union; and
- iv. The prevailing versions of the Charter, Statutes, Ordinances, Regulations and Policies of the University, which are reviewed and may be subject to consequential amendments from time to time. *Please note that the currently prevailing Regulations of the University are under review and will be subject to minor consequential amendments in the near future. The updated Regulations for 2017/18 are expected to be published on the University's website at the start of the academic year.*

Students who fail to register or re-register within two calendar weeks of the beginning of the academic year will not normally be considered to be a continuing student of the University.

Changes to Charter, Statutes, Ordinances, Regulations and Policies

From time to time the University may need to make changes to its Charter, Statutes, Ordinances, Regulations, Policies, Codes and Academic Standards Guidelines (for simplicity these shall be called rules and regulations) for business, efficiency, improvement, legal or compliance reasons which may affect you. Such changes will not materially change the nature of the services the University provides to you.

The following sets out a non-exhaustive list of the types of change the University may need to make to its rules and regulations:-

1. Changes to the way the University processes student disciplinary, complaints or academic appeals;
2. Introduction of new policies and procedures relating to cyber security;
3. Updates and amendments consequent upon legislative or administrative changes.

Where any change affects you, the University will use its reasonable endeavours to draw these to your attention.

Complaints Process

Information about the University's complaint handling process can be found on the website of the [Office of Student Complaints, Appeals, and Regulations](#) (OSCAR). In some cases there is a right of appeal to the [Office of the Independent Adjudicator](#) (OIA).

Governing Law and Jurisdiction

Both you and the University agree that this contract has been formed under English Law, that the courts of England shall have exclusive jurisdiction to settle any dispute or claim arising out of or in connection with this agreement or its subject matter or formation (including non-contractual disputes or claims).

IT Acceptable Use Policy and Guidelines

Please take time to read the [IT Acceptable Use Policy and Guidelines](#) to ensure you are aware of safe, lawful, and equitable use of IT services at the University of Surrey.

Information about us

We are the University of Surrey a body incorporated by Royal Charter. We are a higher education institution and are regulated by the Higher Education Funding Council for England, and governance of the University is led by the Members of Council and a number of statutory bodies and committees. Detailed information is provided in the [Charter, Statutes and Ordinances](#).
