Institutional Policy and Procedures: Doctorate Extension Scheme
1. Background

This policy applies to current international (non EEA) University of Surrey students in their final year of PhD programme of up to 12 months who are subject to immigration control.

In order to be able to sponsor students on the Doctorate Extension Scheme (DES) Visa, the University is required to comply with the terms of the Immigration Rules part 6A: the points-based system, Points-based system (paragraphs 245AAA to 245ZZE) and Tier 4 (Student) Guidance.

The University runs a DES Visa scheme in conjunction with UK Visas and Immigration (UKVI).

The Doctorate Extension Scheme (DES) provides students who have almost finished their UK PhD or other doctorate qualification an opportunity to look for and start work in the UK for a maximum period of 12 months.

This policy is specific to the University of Surrey and does not necessarily set out the full requirements of the Immigration Rules. The University is entitled to revise its policies or procedures relating to compliance with its Tier 4 sponsor duties at any time and will usually do so where there have been any applicable changes to sponsorship requirements made by UK Visas and Immigration (UKVI).

This policy should be read alongside:
• Tier 4 of the Points Based System – Policy Guidance
• Immigration Rules part 6A
• Document 2 - Tier 4 of the Points Based System: Guidance for Sponsors (p.23)

The Immigration Rules and associated UKVI guidance documents will remain the main source of the University’s obligations.

2. Definitions of Terms Used

PhD: Doctor of Philosophy qualification or one of the doctorate qualifications listed at Annex 4 of the Tier 4 Policy Guidance. This does not include Research Master’s Degrees.
The expected end date: It is defined by the Home Office Immigration Rules as the date the PhD is expected to be formally confirmed by the Tier 4 sponsor as completed to the standard required for the award of the PhD.

Award date: The actual date that the student is awarded the PhD qualification.

3. Eligibility for the Doctorate Extension Scheme

a. The applicant must have current immigration permission to stay as a Tier 4 (General) Student or as a student under the old rules, to study a course that leads to the award of a PhD qualification.
b. The applicant must hold a valid Tier 4 (General) Student visa at the time of making the DES application.
c. If an applicant has had any previous extensions to their previous studies they will not be eligible for DES.
d. In the event a student’s current Tier 4 leave expires before their award date and the University doesn’t require the student’s continued attendance, the University will not issue a CAS to extend existing leave if the University cannot meet its sponsorship duties with respect to the student.
e. The applicant cannot apply after completion of their PhD (the award date).
f. The applicant can only apply for the DES if they are in the UK when they make their application. Evidence of this maybe required before issuing a CAS.
g. The applicant is required to undertake the VIVA voce examination and submit the final copy of their thesis before their current visa expires.
h. The applicant must have a CAS from the University of Surrey confirming that they are expected to complete their course on the stated expected course end date and that the University of Surrey will sponsor them during the 12 months they are on the DES.
i. The applicant must be applying no more than 60 days before the expected course end date specified on their new CAS.
j. The applicant must satisfy the current Home Office maintenance requirements as provided by the Tier 4 policy guidance. If the applicant has been financially supported by a government or an international scholarship agency during their studies and sponsorship has been stopped less than 12 months before making the DES application, they must provide the unconditional written consent of their financial sponsor for the DES.
k. The University will only assign a CAS to an applicant if they:
   - have paid all outstanding tuition fees;
have provided evidence of their up to date Police Registration Certificate (where applicable);
- hold a valid Tier 4 General visa at the time of requesting a CAS.

1. The Award date can be set within the validity of the current visa or after the visa expiry date.

m. The University may make any additional checks to ensure it only assigns CAS to applicants who have a realistic prospect of obtaining a Tier 4 visa under DES. These checks may include reviewing financial documents or any other checks the University feels appropriate in the circumstances.

n. The University will not assign CAS if there is any reason to believe an applicant will not comply with the conditions of their visa if granted.

o. Application for DES is considered on an individual basis and CAS will only be assigned to applicants who meet the criteria for DES.

4. Sponsorship Duties under Tier 4 and Doctorate Extension Scheme

4.1 The University’s duties as a Tier 4 Sponsor under Doctor Extension Scheme are described in:

7.1 In order to meet engagement monitoring requirements, the DES visa holder will be contacted by International Student Support at three monthly intervals started from the visa start date.

7.3 If there is no response, the University will start the process of withdrawing Tier 4 sponsorship.

There will be no restrictions on the type of employment the DES visa holder may take except for as a Doctor or Dentist in training or a sportsperson (including coaches).

9. **Visa Support**

All DES visa related queries are managed by International Student Support. The support offered by International Student Support must be viewed as guidance only and not as legal advice.

10. **Communication**

Applicants that are refused a DES visa from UK Visas and Immigration are required to email all refusal documentation to International Student Support.

If grounds for the visa refusal are valid, International Student Support will inform Visa Compliance who exercise discretion in deciding whether the applicant can be supported with a new CAS.

The University reserves the right to not issue a CAS to any DES applicant who has had their visa refused.

This policy will be reviewed on a yearly basis to ensure it remains compliant with Tier 4 Sponsor Guidance, Immigration Rules and good sector practice.
