Application of Leadership and Management
Module Code HCRM035

Credits / Level of Study 15 credits / Level 7

Module Aims
This module will prepare the practitioner to apply effective leadership to innovative service delivery.

Learning Outcomes
On successful completion of this module, students will be able to:

- Reflect upon and critique their own leadership skills and qualities
- Critically appraise current thinking on how to lead and motivate a team to achieve a responsive and strategic service
- Critically question the role of the current healthcare agenda in the delivery of effective leadership within a specific area of practice

Module Content
Indicative content includes:

- Tools for self analysis
- Leadership and management theory
- Effective team working
- Negotiation and influencing skills
- Understanding organisational culture and its impact on care delivery
- Resilience
- Emotional intelligence
- Current healthcare policy

A key element of the module includes an alternative placement in relation to your own areas for development in relation to leadership and management. You will need to organise this yourself to help you to address your identified needs. You will receive guidance approximately 4 weeks prior to the start of the module on exactly what you should be considering. This placement normally falls on day 3 or 4 of the module, however you can organise an alternative date when you are not being taught.

Pre-requisites of Study
None

Delivery of Module
The learning and teaching methods include:

- Lectures,
- elearning
- seminars involving invited experts,
- an elective visit,
- tutorials
- Surreylearn

Assessment
A critique of a reflective journal which illustrates the development of in depth knowledge, skills and insight of the attributes required for effective leadership, both now and in your future practice. 3,000 words (100%)
