Application of Leadership and Management
Module Code NUR3186

Credits / Level of Study  15 credits / Level 6

Module Aims
This module will prepare the practitioner to apply effective leadership to innovative service delivery.

Learning Outcomes
On successful completion of this module, students will be able to:
- Self-evaluate, reflect and apply effective leadership qualities to innovative service delivery.
- Lead and motivate a team to achieve a responsive and strategic service.
- Understand the contexts and challenges of the political environment in relation to changes and innovation.

Module Content
Indicative content includes:
- Leadership Theories
- Introduction to management
- Emotional intelligence
- Team working
- Reflective thinking
- Organisational behaviour

A key element of the module includes an alternative placement in relation to your own areas for development in relation to leadership and management. You will need to organise this yourself to help you to address your identified needs. You will receive guidance approximately 4 weeks prior to the start of the module on exactly what you should be considering. This placement normally falls on day 3 or 4 of the module, however you can organise an alternative date when you are not being taught.

Pre-requisites of Study
None

Assessment
A reflective journal of development, and an applied critical evaluation of the elective experience.  

2,500 words (100%)
