Practice Module for the Practice Teacher
Module Code NURM127

Credits / Level of Study  15 credits / Level 7

Module Aims
The aim of this module is to link and apply relevant theories of learning teaching and assessment to practice through supporting a student Specialist Community Public Health Nurse (SCPHN)

Learning Outcomes
On completion of the module, the student should be able to:

- Demonstrate that they have met the NMC (2008) learning and assessment in practice standards for the Practice Teacher qualification.

- Utilise the knowledge and skills required to make judgements regarding the competence of the student for registration to the same part of the register.

- Actively engage in evidence based practice and reflection.

Pre-requisites of Study
NMC approved mentorship module at level 6 or above.
Supporting Education in Practice Module

Delivery of Module
A variety of teaching and learning strategies will be applied throughout the module:

- teacher-led sessions,
- case studies,
- discussion groups,
- seminars,
- experiential workshops,
- small group work and large group discussions,
- role modelling
- active learning methods, such as problem-based learning, enquiry-based learning and action learning.

- Tutorials
- Practice visits

Emphasis will be placed upon work-based/practice based learning and teaching, with opportunities for students to explore and share their views and experiences with regard to the facilitation of learning and evidence-based practice within their working environment.

Assessment
This module will be assessed through a two part assignment:

- Successful completion of a Learning Development Plan (50% of the module marks)
- Poster presentation (50% of the module marks)
