Specialist Community Public Health Nursing
Additional Field of Practice
(Health Visiting / School Nursing)

Module Codes: Health Visiting NUR3230 / School Nursing NUR3309

Level of Study
Level 6

Module Aims
- To facilitate practice based learning in an additional SCPHN field of practice.
- To enable the development of proficiency in an additional SCPHN field of practice.

Module Content
- There will be an initial induction meeting with a tutor at which learning needs will be assessed.
- At the tutor’s discretion access to sessions on the current BSc in Public Health Practice can be arranged.

Learning Outcomes
Upon successful completion of this module, the student will receive a transcript via the HEAR system stating that they have completed a programme facilitated by the University (negotiated on an individual basis). Additionally, they have had 50 days of practice in the field of either Health Visiting or School Nursing and have been assessed as competent using the SCPHN proficiencies.

Pre-requisites of Study
Registration with the NMC as a SCPHN (Health visitor) or SCPHN (School nurse)

Delivery of Module
Work based learning

Assessment
- Attainment of practice proficiencies will be assessed by the practice teacher.
- Part A - Portfolio of evidence
- Part B - The student will submit a reflective account which demonstrates their learning in the additional field of practice and identifies their future development needs. 2000 words
