Specialist Community Public Health Nursing
Additional Field of Practice
(Health Visiting / School Nursing)

Module Codes: Health Visiting NUR3230 / School Nursing NUR3309

Level of Study
15 credits / Level 6

Module Aims
• To facilitate practice based learning in an additional SCPHN field of practice.
• To enable the development of proficiency in an additional SCPHN field of practice.

Module Content
This is a practice only module
The student will set learning agreements with their Practice Teacher and receive regular feedback on their progress in achieving competency in the SCPHN domains.

Learning Outcomes
Upon successful completion of this module, the student will be able to:
• Transfer knowledge and skills from one client group to a different context
• Demonstrate competency in all domains of practice in the additional field
• Deliver the Healthy Child Programme in the new field of practice
• Work in partnership with clients and their families to systematically identify their needs and priorities and make referrals to appropriate support services
• Work collaboratively with members of the inter-professional team, statutory and voluntary agencies to provide services and minimise risk
• Gain an insight into strategic planning and commissioning of services in the additional field
• Critically reflect on their professional journey
• Identify further continuing professional development needs.

Pre-requisites of Study
Live registration on part 3 of the NMC register as a health visitor or school nurse.

Delivery of Module
A minimum of 50 days in practice.

Assessment
Attainment of practice proficiencies will be assessed by the Practice Teacher.
The assessment consists of 2 parts which must both be passed
• Part A - Portfolio of evidence
• Part B - The student will submit a reflective account which demonstrates their learning in the additional field of practice.
• The student will self-evaluate their progress and identify their future development needs.
• The student will analyse two specific practice experiences to evidence how they have achieved competency in all 4 domains of practice.

2,500 words

In accordance with NMC Circular 26/600, on successful completion of the module the SCPHN would be equipped to work in the additional field.
