

Extracted from an email from Chambers waste collection –one of the two main waste contractors on site during the refurbishment:

The volume & weights from the site at AZ Chemistry Lab, and our overall percentage of diversion from Landfill for the period June-September 2013 these are;

General Construction waste ; Volume 104.3 mtr3, overall weight 19300kgs **overall diversion rates away from Landfill via our materials recovery facility 97%.**

Metal Waste ; Volume 46 mtr3, overall weight 10620kgs, **100% Recycled.**

Hope this information is of help.

If you need any further information please do not hesitate to contact me.

Kind regards

Gary Connelly
