

Harbin Institute of Technology, Weihai
International Summer School on Land-Sky-Ocean
(HITWH-ISSLASO 2019)

Weihai, China

2019.7.13—7.20

<http://hitwh-isslaso.hitwh.edu.cn>

The 2019 International Summer School on Land-Sky-Ocean, Harbin Institute of Technology, Weihai

❖ Objective:

The 4th International Summer School on Land-Sky-Ocean, Harbin Institute of Technology, Weihai (HITWH-ISSLASO 2019) is the succession of the annual HITWH-ISSLASO and again provides a platform for the young talents worldwide to show themselves and conduct friendly competition together. The students will study a one-week exciting program in Weihai, one of the most beautiful and best livable cities in China, while having the opportunity to feel the featured highlights of HIT in ocean science and engineering, automotive engineering and aviation. Meanwhile, it endeavors to offer the students a platform to exchange and gain a valuable insight into the fascinating culture and heritage in Shandong and China.

● Dates:

- ❖ Time Duration: July 13, 2019 - July 20, 2019 (8 Days)
- ❖ Application Deadline: April 1, 2019

● Applicants:

- ❖ There is no limit to the major.
- ❖ All enrolled undergraduate and postgraduate students, especially with interest in ocean science and engineering, automotive engineering and aviation, as well as Chinese culture are welcomed to this program.

● Fees:

- ❖ The applicants for HITWH-ISSLASO 2019 will be exempted from the registration and tuition fees. Also HITWH will bear the cost of local transportation, accommodation, and meals expenses.
- ❖ Applicants of HITWH-ISSLASO 2019 should pay the international round tickets, personal passport and visa fees themselves. And the students will burden the expenses for shopping and those during the time of free activities, and all other related fees.
- ❖ Applicants should buy overseas accident insurance before joining HITWH-ISSLASO 2019.

● Application Procedure:

- ❖ Please register and apply on line, and also submit the Annex 1--Application Form of HITWH-ISSLASO 2019 (also can be downloaded from the website <http://hitwh-isslaso.hitwh.edu.cn>) before the application deadline, April 1, 2019 to email isslaso@hitwh.edu.cn, and specify the name and the university belongs to.

University Introduction

As a world-renowned technical university, Harbin Institute of Technology (HIT) is one of the first batch top 9 key universities involved in Project 985 of Ministry of Education in China, known as the C9 League, which means Chinese top nine universities. HIT owns three thousand high quality faculty members, among them there are 35 academicians of the Chinese Academy of Sciences and of the Chinese Academy of Engineering. In HIT, 9 first-class disciplines belong to national key disciplines, and 10 disciplines are ranked in top five in China. The number of national key disciplines related to engineering in HIT ranks No. 2 in all of China. In recent years, HIT has become the 6th best global university for engineering in the world.

Over thirty years ago, HIT started a new chapter in Weihai, a beautiful and best livable coastal city by the Yellow Sea. With three decades' development, HIT, Weihai has now grown into a well-known campus and keeps step with HIT as it develops into a world-famous university.

HIT, Weihai now has more than 11,000 full-time students, and 535 academic faculty members. There are eleven schools and department in HIT, Weihai, including the School of Naval Architecture and Ocean Engineering, the School of Marine Science and Technology, the School of Automotive Engineering, the School of Information and Electrical Engineering, the School of Computer Science and Technology, the School of Material Science and Engineering, the School of New Energy, the School of Science, the School of Economics and Management, the School of Languages and Literature, and the Department of Civil Engineering. HIT, Weihai offers 37 undergraduate programs, and accord with HIT, Harbin in offering 39 Masters and 27 Doctoral programs. Besides, it offers two first-class discipline Masters Programs. In 2016, HIT Weihai founded the International School of Ocean Science and Engineering, led by a world-class international expert as its dean.

HIT, Weihai attaches great importance to encouraging innovation spirit and ability, strengthen solid study foundation, strong hand-on practice, powerful personal competence and strict processes in its educational approach, and has cultivated many talented graduates. Our qualified students receive the same degree certificates issued by HIT. They have gone on to be successfully employed by large state-owned enterprises, emerging high-tech enterprises and international companies. 90% of these graduates are satisfied in their new jobs, and most employers unanimously give them favorable evaluations. Additionally, a lot of students go abroad for international exchange and further study, with their steps in USA, UK, France, Germany, Italy, Ireland, Netherland, Australia, Singapore, Korea, Japan as well as other countries and regions.

Following in the HIT, Harbin campus's footsteps toward developing into a world-class university, HIT, Weihai has set its sights on developing into a high-level and special featured HIT campus to adapt to the world class university through constructing an internationalized campus, building leading disciplines, cultivating high-quality talents and producing advanced achievements.

HIT, Weihai, a beautiful campus of HIT, as one of the top 9 universities in China, is opening its arms to welcome all of you.

Schedule of HITWH-ISSLASO 2019

Date	Time	Arrangements
July 13	All day	Arrival in Weihai
July 14	09:00-10:00	Opening Ceremony
	10:15-11:45	Seminar 1 on Introduction of HIT and HIT Weihai
	14:00-15:30	Seminar 2 on HRT Motorcade Techniques
	15:30-18:00	Visiting HIT Museum and Lab Tour on campus
	18:30-20:00	Welcome Reception
July 15	08:30-10:00	Seminar 3 on Aerospace
	10:10-11:50	Language Study 1
	14:30-17:30	Fun Games
	18:00-19:30	Chinese Dumpling
July 16	08:30-10:10	Language Study 2
	10:20-12:00	Taichi
	Afternoon	Tour to Huancui Pavilion and Weihai Folk Culture Village
	18:00-20:40	Tour in Huaxia Town
July 17	08:30-09:50	Seminar 4 on Chinese Culture
	10:00-12:00	Cultural Exchange by Participants
	Afternoon	Free Activity
July 18	08:30-10:00	Seminar 5 on Ocean Engineering
	10:20-12:00	Paper Cut
	14:00-18:00	Tour to Changyu Wine Culture Museum
	19:00-21:00	Beach Volleyball (Optional)
July 19	08:30-10:10	Language Study 3
	10:30-12:00	Calligraphy
	Afternoon	Free Activity
	18:00-20:00	Closing Ceremony and Farewell Party
July 20	All day	Check out and Departure

Activities in Sketch

Academic Seminar:

Five academic seminars by invited scholars and student preventative whose academic or research fields are related to the topics will be delivered of HITWH-ISSLASO 2019, inspiring all the delegates' enthusiasm and thoughts. Delegates can absorb essential knowledge and interesting stories according to their tastes.

Language Study:

The Chinese Language training courses in HITWH are divided into two levels: primary and secondary, offering Chinese listening, speaking, reading, writing and cultural experience. During the HITWH-ISSLASO 2019, only primary level courses including 6 teaching hours will be applied. Delegate need to attend class and pass the examination by the end of the study.

Lab Tour:

Delegates will be invited to pay a visit to laboratories at HITWH. Experimentation and practice is the key to the evolvement of technology and exploration will spur our innovation.

Cultural Experience:

Delegates will have a first-hand experience on various forms of Chinese traditional culture, such as calligraphy, paper cutting, taichi, and dumpling making. This can be a very moving but enjoyable experience – both for us to deliver and for you to receive.

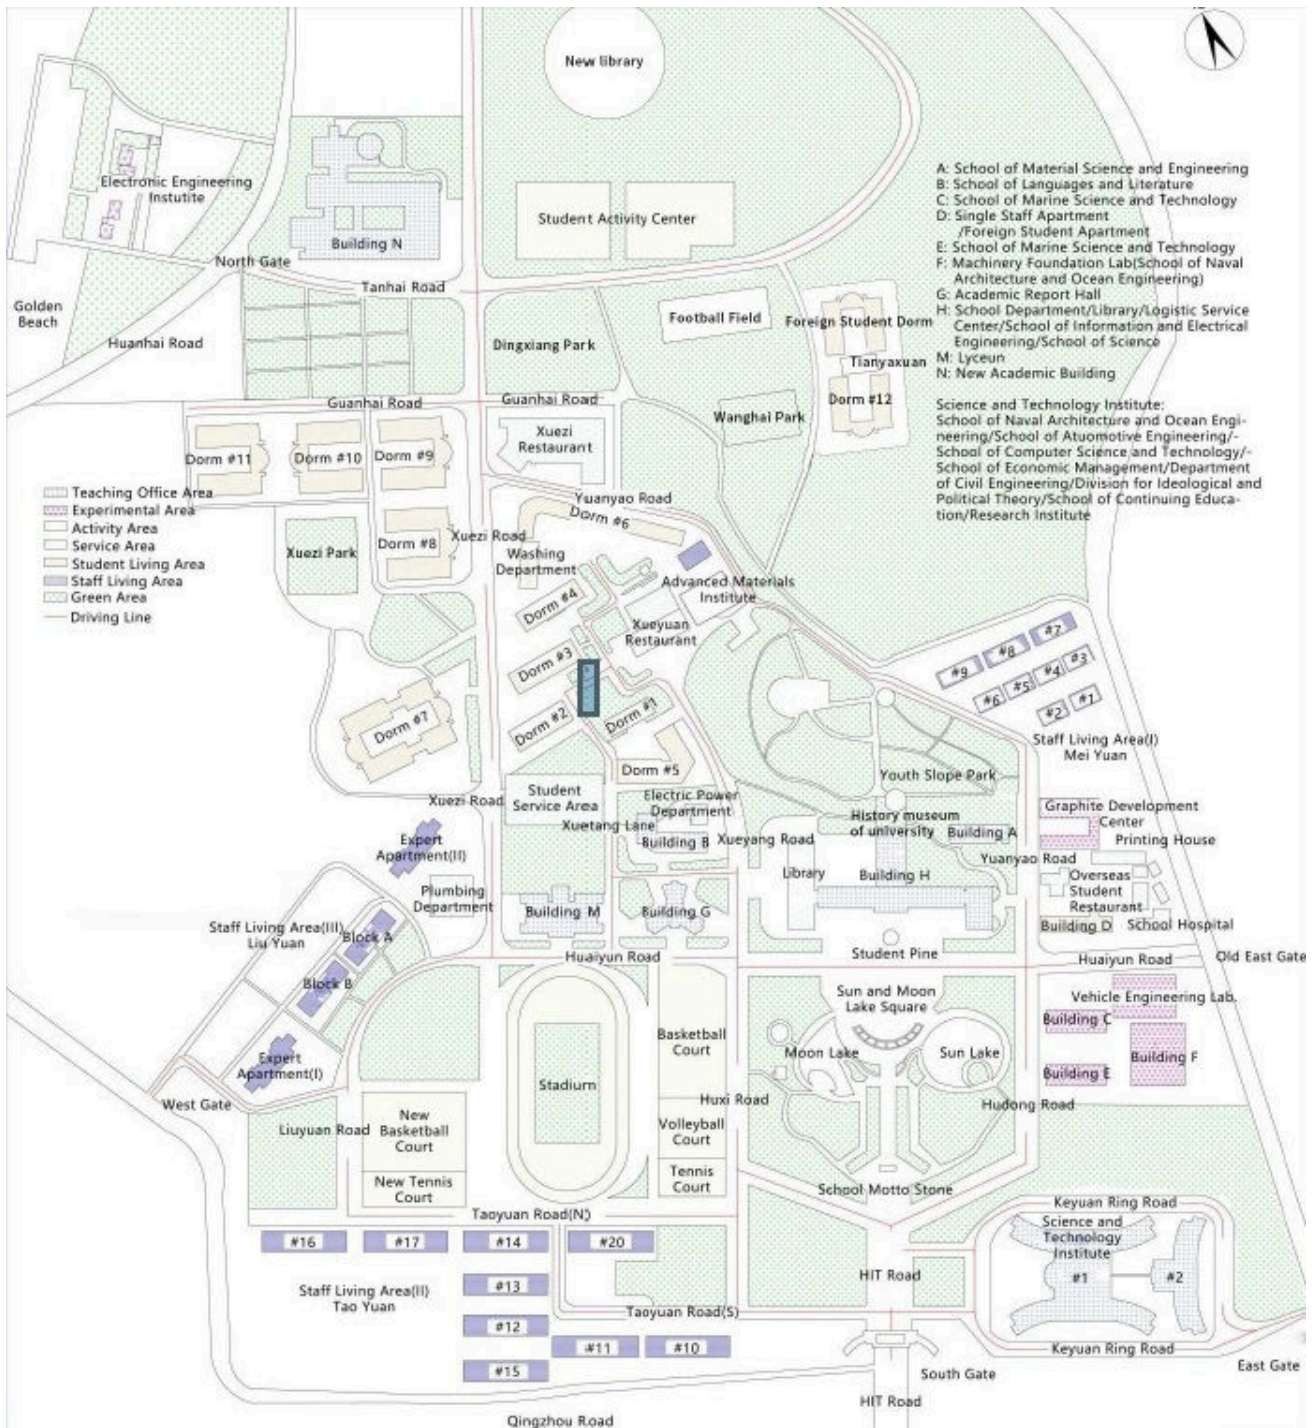

Moreover, the exchange of culture in own country will offer the delegate representatives chance to show his/her country and special cultural stories with all the participants and to enrich everybody the knowledge you may do not know before.

Recreational Activities:

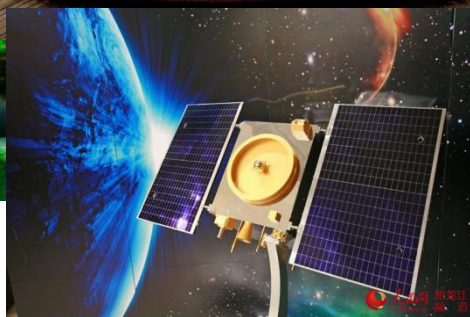

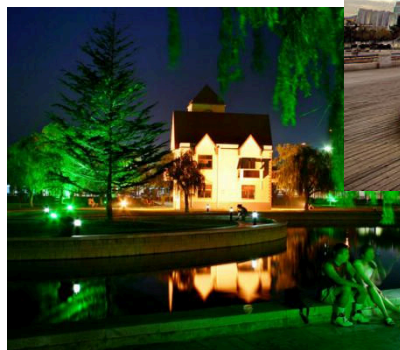

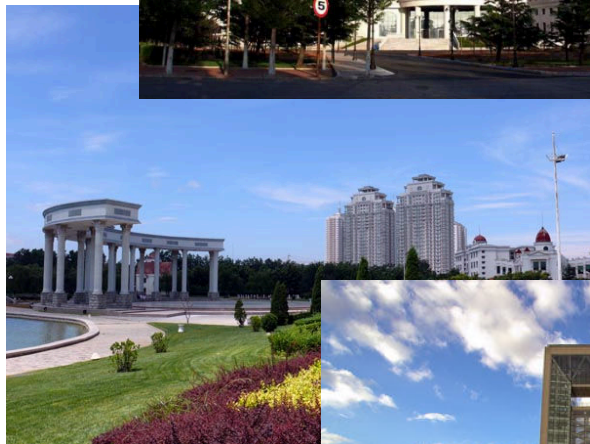

Some recreational activities, such as fun games competition, beach volleyball, and talent shows in the farewell party will be arranged to break the barriers between participants, to increasing communications between delegates and to help build long-lasting friendships.

Besides, the visit to Changyu Wine Museum, Huancui Pavilion, Weihai Folk Culture Village, and Huaxia Town will surely offer you the enjoyment on fine view, as well as the stirring Chinese civilization.
