

# UNIVERSITY DISCOVERY

YEAR 6

## SESSION CONTENT:

Students are invited to our campus to explore the key differences between Year 6 and Year 7 and expand their university knowledge. The day will focus on transition to secondary school and encourage students to consider the skills they will need in Year 7.

## STUDENT AIMS AND OUTCOMES:

- Increase confidence in their abilities to transition to Year 7
- Develop awareness of key skills required in Higher Education
- Expand existing understanding and knowledge of Higher Education

## FEEDBACK:

'Overall a fab day for the students allowing them to think about transition to secondary school and highlighting to them that they already possess skills required to help them be successful.'

(Teacher Feedback)
