

Procedure for awarding posthumous undergraduate and postgraduate taught degrees

Academic year 2019/20

Award of posthumous undergraduate and postgraduate taught degrees

1. In the unfortunate event of a student death, the University will investigate whether a posthumous qualification may be awarded. It will be for the student's next of kin to decide whether to claim such an award. Academic Schools/Departments should not enter into any communications with bereaved families about the possibilities relating to posthumous awards but should refer the matter to the Executive Dean of Faculty.
2. The following procedures relate to the award of an undergraduate or postgraduate taught degree in the event of the death of a candidate prior to the completion of their degree.
3. Any enquiries concerning these procedures should be directed to the Academic Registrar.
4. The information contained within these guidelines should be referred to alongside [Regulations for taught programmes](#)
5. The final decision to recommend the posthumous award to the Senate Progression and Awards Board (SPAB) will be made by the relevant Executive Dean of Faculty and the Provost / Vice-Provost Education, supported by the Academic Registrar. The recommendation for the posthumous award may be conferred by the Chair's action and subsequently reported to SPAB.

Procedure

6. The Head of School/Department in which the deceased student was registered should make a formal request that the award of a posthumous degree be made to the student in question.
7. The following details should be provided in writing to the Executive Dean of the Faculty who will liaise with the Vice-Provost Education and the Academic Registrar in reaching a final decision:
 - a. The name of the deceased student
 - b. The year of registration of the student
 - c. The name of the degree programme on which the student was registered
 - d. The stage of the programme of study reached by the student at the time of death
 - e. The date of death
 - f. Any examination or assessment marks obtained by the student prior to death
 - g. The level or number of credits obtained by the student prior to death
 - h. Details of any outstanding academic requirements according to the University's degree regulations
8. The following guidelines apply to the consideration of the award of a posthumous degree. In cases where there are outstanding academic requirements:
 - a. The outstanding requirements of the degree can be waived.
 - b. Approval can be given by the Executive Dean of Faculty and the Provost / Vice-Provost Education to take any further action necessary to complete the outstanding requirements and permit the award of the qualification (for example, typing up of draft assignments).
 - c. A lower award than that for which the deceased student was registered can be recommended, if this would be the most appropriate option.
 - d. In cases where the deceased student owes fees to the University, the Faculty can decide to disregard and clear the debt.
9. Posthumous degrees will be awarded in the name of the deceased student and may be announced at the next relevant graduation ceremony, if the next of kin so desires. If a family chooses not to claim a posthumous award immediately, the offer will be held open for five years, after which the student's file will be closed.
