Veterinary Science
Law

13 JULY – 17 JULY

Electrical and
Electronic Engineering
Civil Engineering
Computer Science
Paramedic Science
Mechanical
Engineering

Physics
Maths
Chemistry
Nursing
Midwifery
Psychology

Each summer school will combine an exciting mix of theory and practical work, providing you with the opportunity to explore and develop your knowledge, skills and interests. You will attend a variety of lectures, seminars and tutorials delivered by our academic staff, who are leading experts in their fields.

Our current students are keen to support you throughout your stay and share their experiences of university life. You should

be prepared for an intensive week studying a challenging and stimulating curriculum at university level.

The summer schools are also a fantastic opportunity to meet students with similar interests to you. In the evenings, you will be able to relax and unwind from your studies, get to know your new friends and enjoy a variety of activities both on campus and in Guildford.

Applications open on 3rd January 2020 and close on 20th March 2020. Places are limited.
