

A message from
LUCY EVANS
Chief Student Officer

WELCOME

We're really looking forward to seeing you all in September, when we'll be offering on-campus and online teaching, and ensuring our services and buildings are safe for you.

TEACHING SPACE

We're timetabling teaching on campus to give you space, and providing protective equipment in certain specialist areas.

ACCOMMODATION

We'll give you lots of information about living safely with housemates and using shared spaces in our University-managed accommodation.

SIGNAGE AROUND CAMPUS

Signage and one-way systems will help you navigate the campus and reduce congestion in busier areas.

CAMPUS HYGIENE AND PROTECTION

Cleaning facilities around campus mean you'll be able to regularly wash your hands, and clean the areas where you're studying. In some areas, we'll use plastic screens and other measures for your safety.

SUPPORTING YOU

The Library, study spaces and IT labs will all be open. Support services for academic and student life, such as money, careers, wellbeing and disability advice, will offer information points and 1-2-1 appointments online and in-person.

CAMPUS AMENITIES

Our campus services, including the supermarket, bookshop, coffee shops and food outlets, will all be open, with some new takeaway options available too.

ACCESS TO SPORT AND FITNESS

Surrey Sports Park will be open, offering you world-class facilities, and access to Team Surrey clubs.
