

Richard *Christie*

Peter Gabriel Ltd.

Assistant engineer to Richard Chappell, Peter Gabriel's personal engineer, at Real World Studios.

Worked creatively and technically on new Peter Gabriel music, as well as writing sessions for major label artists.

Responsible for the digital restoration and compilation of Peter's two most recent albums:

Rated PG - a collection of songs featured in movies, released for Record Store Day; and

Flotsam and Jetsam - the definitive collection of B-sides, remixes, and rarities.

Performed bass guitar live on stage alongside Peter and the comedian, Bill Bailey in Berlin, Germany.

Recorded Peter live in Toronto, Canada.
