

## Veterinary Medicine & Science BVMSci Reference Guidance

As part of your application to our BVMSci Veterinary Medicine & Science you are required to provide official references to show you meet our work experience requirement. Due to Covid-19 and government restrictions during 2020/2021, the deadline for work experience to be met will now be 15<sup>th</sup> January 2022.

Applicants are expected to have gained a minimum of four weeks of animal related work experience, including at least one week in a Veterinary Practice. The other weeks could include farm, stable yard, kennels, rescue centre, research laboratory or abattoir work. A broad range of experience is an advantage. This online virtual work experience course ([online virtual work experience course](#)) can count as two weeks of your non-Veterinary Practice work experience. All work experience must be completed by 15 January 2022.

If you have completed the online virtual work experience course, we require you to take a screen shot of the completion page at the end, we do not expect you to pay for the certificate.

In this document you will find details of the format references should follow including examples of written reference letters and an example of an emailed reference. You must provide your work experience references by the 19<sup>th</sup> of May 2022. If you submit your work experience evidence after this deadline, we may not be able to consider your application further.

We require written references to be on headed paper and should be dated and signed. Documents should not be in an editable document – please provide a PDF or non-editable Word document. We are able to accept a clear photos of the reference. Please note we would not accept references from relatives, friends and partners.

If your referee is not able to provide a reference on headed paper we would accept the [following template](#) providing it is completed fully and stamped with a company/organisation stamp and signed. We would not accept this form without an official stamp and signature.

- Your full name
- The dates and/or duration of your work experience
- Full title and contact details of the referee

We are able to be flexible with references from certain establishments such as farms and stables which may not have headed paper and could consider an email from a company email address but this would be assessed on a case by case basis.

Example of written reference on headed paper, dated and signed with full title of signatory outlining the amount of time spent at the practice and when the experience was completed.

20th August 2016

Dear Sir/Madam,

Megan Jones spent a week with us in July 2016 seeing practice. During this week she spent time consulting with our vets and observing operations. She also spent time cleaning out kennels and answering phones.

At all times she was polite, courteous and well presented. She happily took on tasks and completed them with a smile!

We would welcome Megan back for further work experience at any time.

Best Wishes,

22<sup>nd</sup> January 2014

To whom it may concern,

Megan Jones has undertaken work experience at the University of Surrey riding stables every Sunday and one evening a week for the past 18 months. On average she would work 9 hours on a Sunday and 3 hours on an evening shift.

Megan's main responsibilities are cleaning out stables and assisting with the feeding of the animals.

Megan is always friendly and eager to help.

Please do not hesitate to get in touch if you require further details.

Kind Regards,

Re: Megan Jones

To whom it may concern,

Megan came to the University of Surrey Zoo for work experience between the 12<sup>th</sup> and 19<sup>th</sup> of December 2015.

Megan was present at feedings and during vet consultations during her week with us and we found her to be professional, polite and a pleasure to work with.

We wish her luck with her application to university.

Regards,

Joanne Evans
