Welcome

FROM THE

Chancellor

As Chancellor of the University of Surrey it continues to be my great pleasure to be associated with such a successful and forward-thinking institution. A particular highlight of my role is the opportunity to preside at these ceremonies and confer degrees upon students graduating each year.

You have my warmest congratulations. Your achievements have come in the face of incredibly testing and demanding challenges brought on by the pandemic, and I have whole-hearted admiration for your determination and spirit.

I sincerely hope that you have enjoyed your time here at Surrey. A university education opens the door to great opportunities, and I have no doubt that your qualification, together with the wealth of experiences you will have enjoyed during your time with us, will be of great value to you, both as you embark upon the challenges that await you in the next stage of your career and throughout your life.

I hope that you will continue to be as proud and supportive of us as we will be of you. We look forward to hearing of your achievements in the future – so do please keep in touch.

HRH The Duke of Kent KG GCMG GCVO
Chancellor

Welcome

FROM THE

Vice-Chancellor

I am delighted to welcome you, your family and friends to this graduation ceremony.

This is a moment to truly celebrate your success and reflect on your accomplishments. Not only have you achieved a qualification from the University of Surrey through hard work, study and dedication but you have done so in the face of the unprecedented challenges thrown at you by the coronavirus pandemic.

Your endeavour amid great uncertainty, worry and stress can only be admired and it will stand you in good stead as you build a successful and rewarding future.

I'm proud that you are graduating from one of the best universities in the UK, renowned for our excellent teaching, research and innovation, and you are prepared to make a difference in the world.

You can be confident of going forward ready for anything, infused with the University's ambition to equip its students with agility, perseverance, resilience and creativity.

These qualities were recognised in September when the Higher Education Standards Agency (HESA) rated the University of Surrey's graduates as amongst the most employable in the UK.

Our hunger to improve is unquestionable and boldened by your feedback, we're committed to improving our ranking of 13th in the Postgraduate Research Experience Survey.

Our ambitions are far-reaching. In February we launched our first fund-raising campaign – The Future Says Surrey – with the aim of raising £60 million over three years to support students and research.

As you make the transition from student to alumni, you can play a pivotal role in helping us achieve our goal and help to shape the University of the future in the spheres of student support, artificial intelligence, health and sustainability.

I encourage you all to consider joining the Campaign – whether by fundraising, sharing your story on social media, or volunteering your time - confident that your Surrey experience will inspire future students.

Although your studies may be over, you will always be part of the Surrey community. Today you join our global family of more than 127,000 alumni, who support one another and make great contributions to society.

I wish you all the very best for the future. I hope you will leave Surrey with fond memories, lifelong friendships and a strong sense of pride.

Wherever tomorrow and the rest of your life take you, remember that Surrey is your intellectual home, now and always.

Professor G Q Max Lu AO DL FEng FAA FTSE
President and Vice-Chancellor

Welcome

FROM THE

Executive Dean

Thank you for being part of Surrey and lifelong members of The Faculty of Health and Medical Sciences. The faculty supports you, as part of our inclusive and international community, to develop the knowledge and professional skills that you need to realise your ambitions. On this graduation day, we celebrate your hard work and achievements. Congratulations.

The past couple of years have been very difficult for all of us and we celebrate your successes given the challenges you have all faced. During your academic study and practice-based learning, you will have benefitted from the opportunities afforded to you. During your course you will have developed your ability to think critically and think differently. Through research projects, you will have worked alongside our academic staff, key leaders in their fields, to uncover new knowledge and learn about the importance of communicating scientific findings for the benefit of society.

Your approach to work and study will be founded on strong ethical principles. We are enormously proud of all our graduates; you are making a difference to health and wellbeing all around the world. For those of you who have been on placement, worked in or volunteered to support our healthcare systems during the pandemic, we are immensely proud of you. Your effort will have made a difference to all those around you, thank you!

As a graduate from the faculty, please keep in touch with us and share your life journey. We aspire to continue our relationships with our alumni into the future and encourage you to play a role in shaping our graduates of tomorrow.

I am delighted to offer my heartfelt congratulations to all our students who are graduating today from the Faculty of Health and Medical Sciences. I wish you fulfilment and success in your future chosen careers.

Professor Paul A. Townsend

Pro-Vice-Chancellor and Executive Dean,
Faculty of Health and Medical Sciences

A LITTLE

HISTORY

OVER

50 years

OF GRADUATING STUDENTS

The University of Surrey's first degree conferment ceremony was held in University Hall at Battersea in December 1966, and some of our other early ceremonies took place in Central Hall, Westminster. When we moved to Guildford in 1966, the Civic Hall and other local locations around Guildford were used for graduation ceremonies. Since July 1970, by kind permission of the Dean and Chapter, degree conferment ceremonies have been held in Guildford Cathedral. On these occasions it is used as a secular building.

▶▶▶ The mace

The University mace was designed and crafted by Desmond Clen Murphy, and was used ceremonially for the first time at the Installation as Chancellor of the Rt Hon the Lord Robens of Woldingham in the Civic Hall, Guildford on Saturday 22 October 1966.

The mace is made of silver and walnut wood, with the shield of the University coat of arms on its head in colour, and with the shields of the coat of arms of Surrey County Council, Guildford Borough Council and Battersea Polytechnic Institute engraved in silver underneath. The embroidered coat of arms on the mace table, carried out in metallic thread, French knots, applied leathers and various materials, was created by Christine Habib, a former student of the Hampton School of Embroidery.

The mace was presented to Guildford Cathedral for permanent display on 13 July 1997.

▶▶▶ The arms of the University of Surrey

The University of Surrey coat of arms marks the University's move from London to Guildford. The woolpacks on the shield are taken from the arms of the Borough of Guildford, while the blue and gold chequers and mantling are from the arms of the former Earls of Surrey. The swords, an allusion to the arms of the City of London, are taken from the shield of Battersea Polytechnic.

The blazon of the University's coat of arms, which was granted in 1966, is topped by a stag resting its right leg on an upturned key. The stag denotes the medieval royal hunting park on which our leafy Stag Hill site has been developed, while the key is a heraldic symbol of learning.

The coat of arms is an elegant symbol of our reputation and standing.

Academic DRESS

Every university has a distinctive set of academic robes for the degrees it awards and special ceremonial robes for the high officers of the university.

The blue brocade that features in the hoods of all our robes is unique to Surrey and distinguishes us from other universities.

GRADUATE ROBES

Undergraduate and masters degrees

Graduates wear a black gown and a black cloth mortar board. Hoods are usually fully lined with blue brocade and vary in design depending on whether the award is undergraduate or postgraduate.

Diploma and certificate awards

Diplomates wear a black gown and a black cloth mortar board. Postgraduate hoods are fully lined with blue brocade, with a plain white trim. Undergraduate hoods have a blue brocade and plain white trim.

Doctorate awards

Gowns are in cardinal red with blue brocade on the front facings. The hoods are cardinal red, fully lined with University brocade and have a ribbon trim rebated from the outside edge of the hood. The hat is a black cloth bonnet with red cord and tassels, with the exception of Doctors of Letters, Science and Medicine where the cord and tassels are gold.

The colour of the trim on the hoods denotes the type of degree:

Bachelor and Master of Arts, Doctor of Letters - Red ribbon

Bachelor, Master and Doctor of Education - Green ribbon

Bachelor, Master and Doctor of Engineering - Grey ribbon

Bachelor and Master of Laws - Purple ribbon

Bachelor and Master of Music - White brocade

Bachelor, Master and Doctor of Science - No trim

Bachelor of Veterinary Medicine - Pale yellow ribbon

Master of Business - Ruby ribbon

Master of Chemistry / of Computing / of Mathematics / in Physics / in Science (MSci) - Pale blue ribbon

Master and Doctor of Business Administration - Gold ribbon

Master of Fine Arts - Strawberry ribbon

Master of Research - Apricot ribbon

Master of Philosophy - Blue brocade lining extending to the outside edge of the hood

Doctor of Clinical Practice - Turquoise ribbon

Doctor of Medicine - Burnt orange ribbon

Doctor of Philosophy - No ribbon trim

Doctor of Psychology - Pale blue ribbon trim rebated from the outside edge of the hood.

Honorary

GRADUAND

Sue Sjuve

Sue graduated from The University of Surrey with first class honours in Human Biology in 1977 and initially worked at Guys Hospital Paediatric Research Unit on pre-natal diagnosis of genetic disorders. Following that she changed course into financial services for a 32 year career spanning in programme management, marketing and risk management, culminating in board level roles in two FTSE 100 and one Australia-based multinational bank. She then studied Psychological Coaching at the Metanoia Institute in West London and developed an executive coaching practice and a non-executive portfolio in health, housing and charities.

She took up her current role as Chair of The Royal Surrey Foundation Trust in 2017 where she is delighted to support her NHS colleagues in delivering compassionate safe care every day, championing research and development and working closely with the University to support life-long learning and innovation.
