

Schwartz Round Resources

May 2022

Films

We now have two films – the context is the same for both except each has a different Schwartz Rounds embedded- both flag the importance of panel preparation and makes suggestions to optimise this:

<https://www.youtube.com/watch?v=C34ygCldjCo> (round is an oncology setting with death of a child)

https://www.youtube.com/watch?v=HyTITJPXVSU&feature=emb_title (round is a challenging family situation with older person (potential safeguarding issues) and Allied health professionals)

Our guide to implementation is here: <https://www.surrey.ac.uk/form/schwartz-organisational-guide-questionnaire> (it takes you to a short survey first please and you will then get access to the PDF).
