

## Diagnostic Histopathology Pricing

Pricing is based on the number of sites sampled.

Additional sites, large masses and complex samples incur additional charges.

Histopathology	Turnaround Time (TAT)	Price (ex VAT)	Comments
<b>Histopathology</b> Single site (1 to 2 slides)	3 days	£45.00	TAT may be longer if specimen requires additional fixation or decalcification, or if other types of additional processing are required.
<b>Additional sites and/or slides in the same case submission.</b>	3 days	Additional £9.00	Per site/lesion
<b>Large Masses</b> (10cm in diameter or larger)	Minimum 3 days (some larger specimens will require longer fixation times)	Additional £28.00	Total charge will incorporate a base charge as above (single site +/- additional slides), plus this additional fee to cover extra processing and/or preparation.
<b>Complex Samples</b> Complex excision samples requiring pathologist dissection (e.g., whole limbs or organs, mandibles, mammary strips, extended margins, etc.)	Minimum 3 days (some larger specimens will require longer fixation times)	Additional £65.00	Additional fee covers the cost of extra processing and/or processing, as well as comprehensive and detailed dissection by a pathologist.
<b>Decalcification</b> Where complex samples require decalcification, an additional charge will be incurred.	Exact time will vary, depending on the submitted specimen.	£12.00	Additional fee covers the cost of decalcification of specimens, where necessary.
<b>Second Opinion Histopathology</b> (Evaluation of submitted specimens)	Up to 10 days	£49.00 per site	For 1 site (up to 2 submitted slides)
		Additional £25.00	Per additional site (up to 2 submitted slides)
		Additional £5.00	Per additional submitted slide.
		Additional £3.00	Per block (this additional processing charge will cover the cost of preparing H&E stained slides from blocks, if blocks are submitted instead of slides).
<b>Digital Slide scanning</b> (Production of an NDP file, magnification up to x40)	To be discussed at the time of submission.	Up to 10 slides	£7.50 per slide
		11 slides or more	£5.00 per slide

<b>Photomicrographs &amp; Copy slides</b> Photomicrographs (e.g., jpeg format) can be supplied where required, for case books, personal study or as part of publications.	To be discussed at the time of submission.	£35.00 per tissue	First image from one lesion (unannotated)
		Additional £10.00	Per additional image at different magnifications of the same image
		Additional £25.00	Per additional image from a different area than the first image (a different area or lesion on the same slide or on a different slide.
		Additional £100 per hour (charged in 15 mins increments; minimum 15 minutes)	For any processing of images by a pathologist (eg, annotations, figure legends, descriptions, etc)
<b>Copy slides</b>	To be discussed at the time of submission.	£9.00	Per slide
<b>Immunohistochemistry (IHC)</b> Cases where IHC may be helpful will be discussed before proceeding	To be discussed at the time of submission.	Price per antibody upon request.	

Fees include processing samples to an H&E stained slide and a pathologist's report. Standard special stains recommended by the pathologist are included.

Further complex/expensive special stains (e.g., silver stains and immunohistochemistry [IHC]), as advised by the pathologist, will incur additional fees, and will only be charged with prior approval.

If copy slides are requested to be sent, postage and packing will be charged additionally.
