

Guide to references to support your Veterinary Medicine & Science BVMSci application.

A part of your application to the Veterinary Medicine & Science BVMSci you are required to provide official references to cover our work experience requirement of at least four weeks' animal-related work experience, to include one week in general veterinary practice. We can only accept references for work experience taken prior to the 15th of October 2017 and require official references to evidence this work experience. In this document you will find examples of the format references should follow. Two examples of a formal reference letter and an example of an emailed reference.

We require all references to be on headed paper, dated and signed (if a written reference) and must not be an editable document. It is best to provide them as PDF or non-editable Word Documents, alternatively we can accept clear photos of the reference.

All references must contain the following:

- Your full name
- The dates and/or duration of your work experience
- Full title and contact details of the referee

We are able to be flexible with references from certain establishments such as farms and stables which may not have headed paper or a company email address but this would be assessed on a case by case basis.

Providing at least two weeks of work experience were taken in the five years prior to application then the other two weeks can have been achieved at any other time (so long as it is before the 15th of October deadline).

Reference that states the period of time you undertook the work experience but not specific dates. Must be on headed paper and signed.

20th August 2016

Dear Sir/Madam,

Megan Jones spent a week with us in July 2016 seeing practice. During this week she spent time consulting with our vets and observing operations. She also spent time cleaning out kennels and answering phones.

At all times she was polite, courteous and well presented. She happily took on tasks and completed them with a smile!

We would welcome Megan back for further work experience at any time.

Best Wishes,

12th October 2015

To whom it may concern,

Re: Megan Jones

Megan Volunteered at the University of Surrey Vet School on the following dates:-

6th, 13th, 20th, 27th, 28th and 29th of October 2014
3rd, 10th and 17th of November 2014
1st, 8th, 15th, 28th and 30th of December 2014

During this time she was helping staff with general duties including cleaning kennels and answering phones.

Kind Regards,

Subject: Reference for Megan Jones

Re:- Megan Jones

To whom it may concern,

Megan came to the University of Surrey Zoo for work experience between the 12th and 19th of December 2015.

Megan was present at feedings and during vet consultations during her week with us and we found her to be professional, polite and a pleasure to work with.

We wish her luck with her application to university.

Regards,

Joanne Evans

Zookeeper, University of Surrey

22nd January 2014

To whom it may concern,

Megan Jones has undertaken work experience at the University of Surrey riding stables every Sunday and one evening a week for the past 18 months. On average she would work 9 hours on a Sunday and 3 hours on an evening shift.

Megan's main responsibilities are cleaning out stables and assisting with the feeding of the animals.

Megan is always friendly and eager to help.

Please do not hesitate to get in touch if you require further details.

Kind Regards,
