

A1: Regulations for taught programmes

Addendum

Academic year 2015/16

The following addition to the *Regulations for taught programmes* was approved by Senate on 10 November 2015 with immediate effect.

To follow after regulation 192.

For the BVMSci Veterinary Medicine and Science programme the following compensation rules apply:

- 30 credits can be compensated in year 1 and 15 credits in subsequent years
- compensation can be applied if the weighted level aggregate of all the student's taught module marks (including the failed module(s)) is 55% or higher, and
- the lowest overall mark achieved in a failed module is 40% or more
