What evidence of insurance cover do I need?

- Research and Clinical Research (Public Liability Insurance Certificate)
- Clinical Trials (Clinical Trials Insurance including Public Liability)

If you are unsure which category your research falls under, please refer to the following definitions:

**Clinical Trials**

The following revised definition of a Clinical Trial is to make it clear that only Statutorily defined Trials are included: “any clinical research requiring clinical trials authorisation from the Medicines and Healthcare Products Regulatory Agency under the Medicines for Human Use (Clinical Trials) Regulations 2004”

**Clinical Research**

Research that directly involves a particular person or group of people, or that uses materials from humans, such as their behaviour or samples of their tissue.

**Research**

All other research that falls outside the above two.
